# A UNIQUE CULTURAL EXPERIENCE

Join us for an exclusive cultural experience for organisations and teams who are fully committed to the spirit of Reconciliation – with Aboriginal Culture and within one's own self and team.

## What's in it for participants?

- ✓ Powerful and inspiring learning environment – for self-reflection and development
- ✓ Reconnecting and understanding little known Australian history – greater knowledge and expertise
- ✓ Drawing on the strengths of Aboriginal culture - deepening the leaders kit bag of capabilities
- ✓ Original learning experience – inspiring creativity and innovative thinking
- ✓ Experience the real – opportunity for new connections and friendships

## Package Includes

- 2-day package through a strong Aboriginal Business Collaboration
- **Day One – Developing Foundation Knowledge** – setting the scene with experienced Aboriginal facilitators and the sharing of knowledge and expertise. Bush tucker morning tea provided
- **Day Two – Full on Country Experience** – interpretation of country with Traditional Custodian sharing local knowledge and history. Includes transport, morning tea and lunch

Experience **Ngunawal country** with a **Traditional Custodian** as well as learn about historical and contemporary histories and cultures. Our culturally appropriate and informative tour challenges perceptions in a **safe environment** with Indigenous peoples. It allows participants to be immersed in both **formal** and **on country** learning to develop knowledge of peoples, cultures and histories. It provides opportunities to develop practical strategies to move forward through understanding of **cultural safety** and **reflective practice** in the **spirit of Reconciliation**.

## Testimonials

- *“The tour was insightful about the Ngunawal country and educational about local flora. Please keep up the good work and looking forward to attending future events”.*
- *“The tour was conducted in a manner that allowed those of us that are not as fit as others to the climb one segment at a time with an information session giving time us a break to recover”.*
- *“I thoroughly enjoyed the tour. Not only was it a lovely sunny day (except for being chilly at the top) but the personal experiences and information provided along the way were great. I feel that I understand more about Aboriginal culture as a result”.*
- *“The cultural activity was greatly enjoyed and appreciated by the staff. They learned a lot despite working with Indigenous organisations and communities as part of their work”.*
- *“It was very well managed by the Traditional Custodians. There was a very sincere presentation on the differences of welcome to country and acknowledgement. As I looked around the group I was with I could see the education sinking in, so I have to say, that the group that attended were keen to learn as well. The rest of the walk introduced us to a number of on country information, scar trees, plant identification and uses, water collection methods and marker trees”.*
- *“Powerful exercises to challenge perceptions and illustrate Australia’s history”.*
- *“So much information was so well delivered. It was enlightening, fascinating and so enjoyable (notwithstanding the heart-rending sections) from start to finish”.*
- *“Building on my understanding of Aboriginal culture, understanding Government policy and impact to Aboriginal people. Take away information which will support my professional practice”.*
